Entry want to be known or do. Mr. Kirkpatrick suggested that, when more facts have been ascertained, control of the bigot list should be vested in the Special Security Center in the Office of Security.\*

2. [REDACTED] and I attended the Financial Policy and Budget Committee meeting, at which time we discussed, among other things, the early retirement policy. (I want to ensure that the role of the Agency Retirement Board is clearly understood and that the relationship between this Board and the various Deputy Directorates is also clear to all concerned.) *H*

3. [REDACTED] was in to discuss the following items:

a. He told me that the [REDACTED] employs one man full-time as a food buyer. This position could be eliminated except for the fact that we need fresh food available in case of relocation to the emergency center. I said that we certainly should eliminate this position and plan to live on C rations if necessary. [REDACTED] will review [REDACTED] correspondence on this subject and will be in touch with me again.)

5. I advised Mr. Kirkpatrick that it does not seem appropriate for the Office of Personnel to take any action to terminate [REDACTED] consultant contract until he has been told by the Office of the Director that his contract is to be terminated. I also explained that [REDACTED] advised the Office of Personnel that he would ask General Carter to talk to Colonel [REDACTED]. Obviously, nothing has been done, and Kirk opined that we might as well let this ride along until Mr. McCone leaves.
